JANUARY 2015

ENP's structure, of breaking down the city into elementary school neighborhoods, has allowed partnerships to focus on a specific neighborhood. It has also provided the framework for other community based organizations to efficiently serve our city.

FROM THE EXECUTIVE DIRECTOR

5 STEPS

- Step 1
Saturday Sports
- Step 2
Campus Presence
- Step 3
Neighborhood Outreach
- Step 4
Parent Engagement
- Step 5
Economic Development

Artie Padilla
ENP Executive Director

WE ARE BETTER TOGETHER

2014 was another exciting year with ENP as we continue to seek transformation within our Fresno Neighborhoods. 111,000 volunteer hours were logged this year, which is a new high for us. It is a privilege to work alongside 64 churches, 24 community based organizations, 2 universities, 6 businesses and hundreds of neighborhood residents. We share a common mission with the City of Fresno, Fresno Unified, and other organizations for healthy, thriving neighborhoods, children excelling academically, and seeing families engaged in our schools and communities. Our efforts are aligned. It's Collective Impact! We are better together!

Saturday Sports Programs continue to grow with 30 programs going on all over town. Nearly 3,500 kids attended last year, most in SE & SW Fresno. Saturday Sports is the perfect place to gather, connect with children, and engage with parents. It is encouraging to see parents envision themselves as future leaders in their neighborhoods. We are refocusing the role of ENP as well as the role of our partnership church leaders, to support parents so THEY can be the agents of change within their own neighborhoods.

We are also taking advantage of Saturday Sports as the perfect platform for mobilizing volunteers not just from our churches but from Fresno State and Fresno Pacific as well. These volunteer opportunities give students the ability to not only serve, but also get a better understanding of the needs in our city as well as opportunities to serve throughout their lifetime.

All this because folks like you share our vision to see The Church mobilized in our city. We couldn't do it without you. Your continued support allows us to carry on the work our faith calls us to do and together we can have a direct spiritual and social impact on children, families, neighborhoods, and ultimately, our city!

Artie Padilla

OUR MISSION

To connect churches and other community partners with elementary schools, and equip them to serve through their active presence in every neighborhood.

OUR VISION

To see our city holistically engaged, so schools are supported, students excel, families are healthy and whole, and our communities thrive.

STEP 1 - SATURDAY SPORTS

A free two hour program for kids on Saturday Mornings held on school campuses throughout our city. It's a morning of sports, crafts & fun where volunteers engage with kids in a group mentoring setting. At the end of the morning every child receives a sack lunch. (lunches are provided by Poverello House & delivered by ENP volunteers)

LUISA - Student Volunteer

Luisa grew up in the neighborhood attending Saturday Sports since it began. Now a high school freshman she volunteers and has taken on the responsibility of attendance at Saturday Sports every week. One day she will likely be running the whole program. We look forward to that (and so does she!)

STEP 2 VOLUNTEER HOURS

JUSTIN - University Volunteer

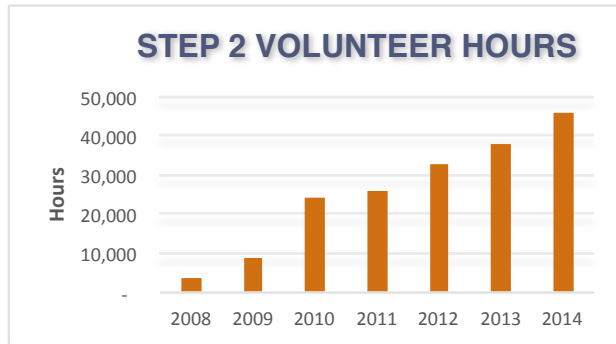

In 2013, when Justin Kennett was a junior at Fresno State, he applied for the SIS Program and became the Saturday Sports Leader at Vinland Elementary. He played a key role in helping other Fresno State students serve there. Even more important was the impact he made in the lives of the kids. He would tell you however that it was **THOSE KIDS** that changed **HIS** life!

Justin graduated from Fresno State and will be serving our country in the US Air Force. But wherever God takes him, there is no doubt he will also be investing in the lives of kids.

STEP 2 - CAMPUS PRESENCE

Opportunities for volunteers to have a presence on the school campus during the week, before and after school, with opportunities for tutoring and mentoring students, as well as supporting and encouraging the staff.

CLASSROOM TUTORS

Volunteers in the classroom assist students in literacy and math. In the coming year plans are in place to put greater focus on reading literacy for K-3rd grade students.

AFTER SCHOOL PROGRAMS

New Heights Church hosts a homework club after school two days a week for McCardle kids. Their presence on the school campus and in the neighborhood is a beacon of light for the children, families and staff at the school.

STEP 3 VOLUNTEER HOURS

STEP 4 - PARENT ENGAGEMENT

Engaging, equipping, and supporting parents in our partnership neighborhoods, encouraging them to utilize their unique cultural gifts and talents to bless and serve their school and community.

In 2014, twenty-five parents attended Abundant Communities Leadership Development Conference where they learned to look at the assets in their community and ways they can work together to strengthen their community as they serve and lead.

ENP RESIDENT LEADERSHIP DEVELOPMENT

ENP is partnering with Fresno Unified to work with parents who have a desire to become leaders within our partnership neighborhoods. They are finding ways to serve on the school campus and at neighborhood outreach events.

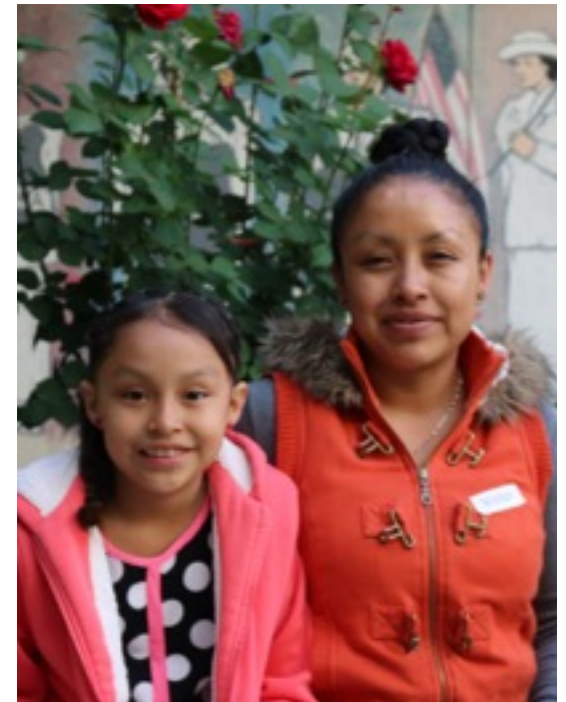

BENITA - Parent Volunteer

Benita is a parent at Susan B Anthony, a member of ENP's Parent Leadership Development, a graduate of Parent University and she attends English Classes on the school campus.

She also volunteers at the school and has helped with the school carnival for the past 3 years. In 2014 she joined the carnival planning team that organized all food concessions. She did a great job and helped motivate other parents to volunteer as well.

Benita's daughter, Sarai loves it when her mom volunteers and said it makes them both happy. Sarai says her mom's English is getting better, too. She is very proud of her mom!

The smiles on their faces say it all.

Parent Involvement

2012: 55 parents

2013: 110 parents

2014: 300 parents

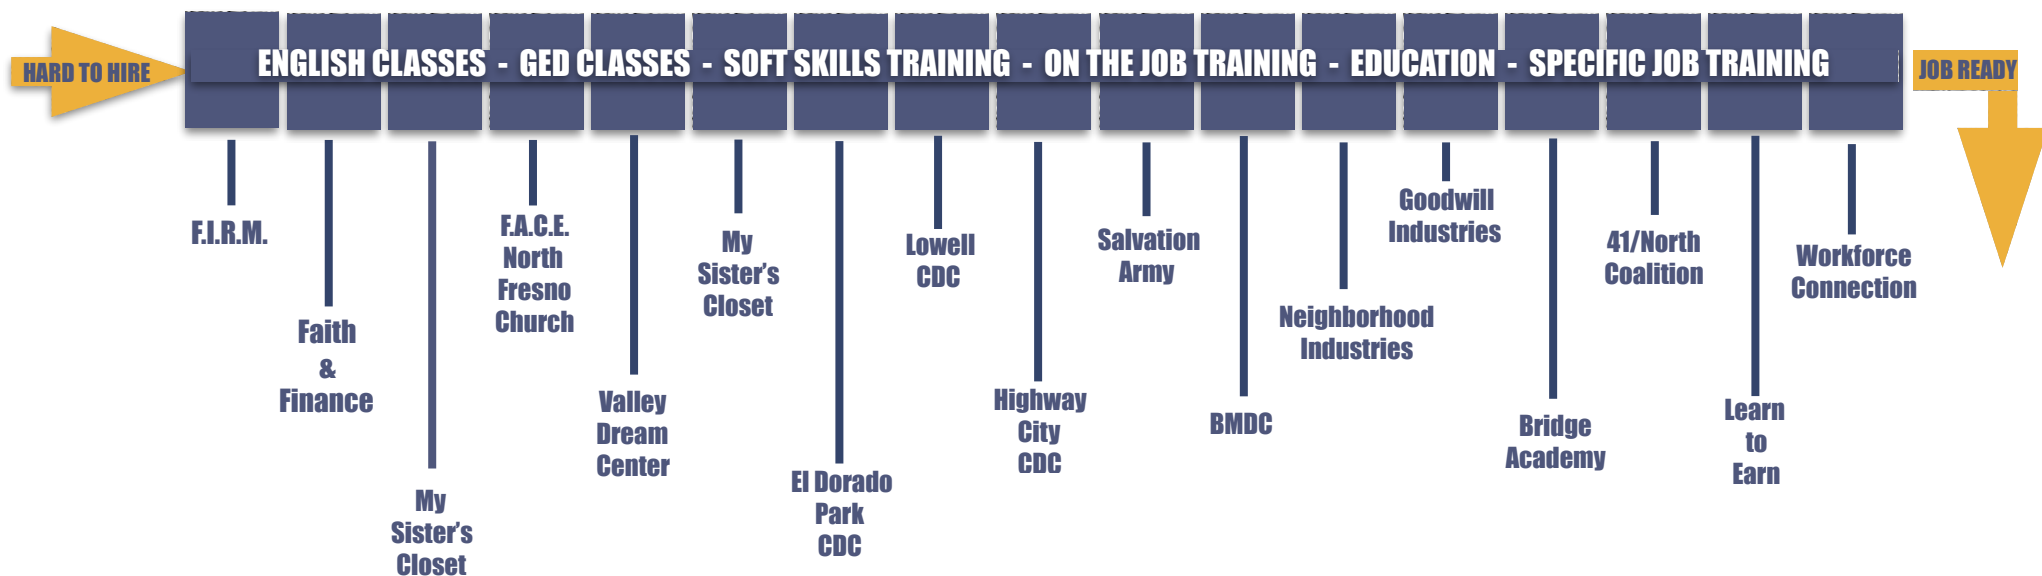

STEP 5 - ECONOMIC DEVELOPMENT

The process of the church working within the realm of job creation, job readiness and job placement as a micro-economic engine for the neighborhood.

The ultimate goal of Step 5 is to meet people where they are at, identify their needs and help them acquire the skills and training they need to be employable. When ENP began in 2008 our vision for Step 5 was for partnership churches to start up businesses with the purpose of providing job training for residents in those neighborhoods. This process can take many years and the majority of churches may not have the capacity to undertake something this grand. However we have seen an increase in partnerships reaching out to residents with programs such as GED & English classes, financial workshops and soft skills training as ways to make folks more employable.

We have teamed with several community benefit organizations on economic development along with the Workforce Connection to provide outreach opportunities that address this extreme need at various levels for more impact.

You'll see in the diagram below a "pipeline" with organizations that are helping folks transition from "hard to hire" to "job ready", becoming employable with a higher paying jobs that will allow them to support their families. Working together with other organizations has increased the number of resources available to families in our partnership neighborhoods. This is another example of collective impact.

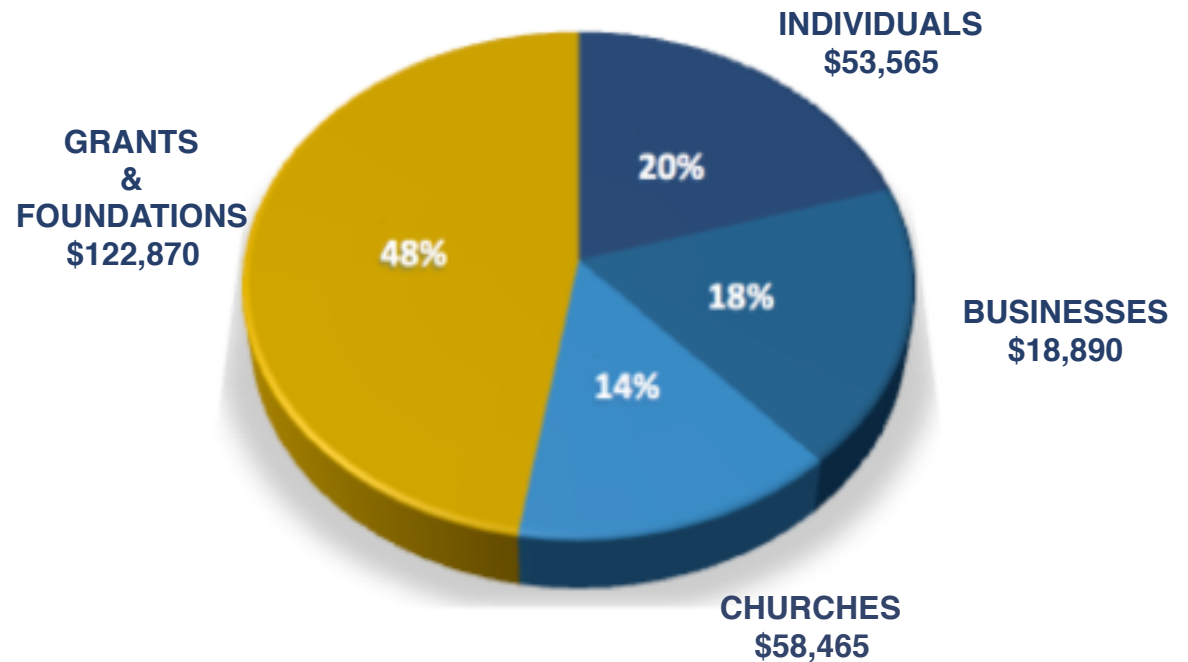

2014 INCOME & EXPENSE

In August of 2008 when ENP was formed, a small group of people who strongly believed in the value and importance of churches playing an active role in our local schools and neighborhoods made a commitment to support ENP financially for the first 3 years.

This was truly a blessing as it gave us the ability to focus on the task at hand of finding churches to partner with our Fresno schools.

One of our goals for 2015 is to build our partnership of individual donors and churches who are willing to financially support the work of ENP each year.

2014 INCOME & EXPENSE

TOTAL INCOME	\$253,790
TOTAL EXPENSE	\$273,446
NET INCOME (loss)	(\$19,656)
