## Literacy Mentoring + Read Fresno

2022 has been a year of growth! Especially with our college student engagement. Thanks to #Californians4All College Corps program and Fresno State's trust in us, we gained about 50 new college student mentors in addition to our existing 30. These 80+ student mentors have been running Read Fresno after school, Literacy Mentoring daytime tutoring, and Saturday Sports at 8 high needs elementary school sites. One of our student mentors, Rolando, wasn't sure if he even liked kids when he started, but is now considering a career in education. **We believe that God can use one book, one game, one word of encouragement to impact the trajectory of a child's life.**

*With the opportunity that you guys gave me, it has opened many doors and has advanced my leadership skills.*

# Neighborhood Health + Wellness

Neighborhood Health and Wellness had an amazing year with well attended classes such as Nutrition 101, Kids Nutrition, Cultivating Mental Health, Women's Alliance, and Dance Fitness. Not only did we see participation increase, more importantly **trusted relationships were built within each class**. The participants in the classes expressed how they feel **supported and empowered to make healthy choices**. The results assist community members with depression, weight loss, lowering blood pressure and loneliness. Neighborhood Health and Wellness continues to strive to equip and empower individuals **to live a healthy and whole life**. We look forward to 2023!

# Neighborhood Development

2022 was a great year for ENP's Neighborhood Development department. What do we do? We serve, equip, and coach community members who call South Fresno their home.

Our capacity building support has included trainings on fostering healthy leadership skills for community leaders, strategic planning, and developing resident engagement skills.

*The neighborhood development team has been a great help to our organization by shaping how we look at neighborhoods from **a strength based approach rather than from a deficit lens**. They also have been very supportive by providing quality trainings and personalized coaching!*

**Organizational hub leader**

**30 local community based organizations** were provided with support

**15 workshops & 20 peer-to-peer work sessions** were facilitated to developing leadership capacity.

*I really look forward to coming on Thursdays. I don't feel as anxious being cooped up at home. I enjoy coming to laugh, learn and destress."*

**Parent from Parent Coffee Hour at Olmos Elementary**

In November, Germán Quiñonez, director of Neighborhood Development, was invited to speak at the White House!

ENP hired a coordinator to **create Fresno's first Community Land Use Academy (CLUA)**. Fresno CLUA aims to expand access and facilitate more inclusive engagement in Fresno's land use and urban planning processes so that land development decisions benefit all Fresnans, especially those local residents who live in neighborhoods where land use decisions have caused environmental injustices. Keep an eye out as we launch this project in 2023!

## What is Parent Coffee Hour?

Coffee Hour is a space for parents and community members to gather and build relationships with the school principal, staff and other parents. In the process of building trust, parents are learning to build healthy patterns, developing leadership, and becoming active in their neighborhoods.

## 2 Parent Coffee Hours

launched at Olmos and Columbia elementaries.

## We're in this work for the long run.

- Neighborhood Development is gathering input from community members who live, work or play near the Ventura/ Kings Canyon Corridor, to speak into the design and future development of that area
- We collaborated with Cal Walks to help beautify crosswalks and bike lanes in South Fresno.

## Training and Resources

### Vision 22 Pastor's Network

We believe that **the local church has to play a role in the process and in the work.** With that in mind, ENP has adopted Vision 22. We desire to provide for those that are leading the work of the church within our city by providing Pastoral Support, Organizational and Administrative support and resources for Place Based engagement.

### 35 leaders

were trained from across the nation in faith-centered financial education for people in vulnerable communities.

### 40 individuals

completed a 6-week racial reconciliation course called LivingUNDIVIDED at Northpointe Church.

### The Drive Tour continues to be used

Look out for ENP releasing a new one in the coming year! If we can help you learn more about Fresno and get involved let us know.

# A Note from the Executive Director

In those brief check-in conversations, I have with people in the hallway, I am often asked, "How is ENP? What have you all been up to?" Honestly, I haven't gotten better at summarizing our work to a 1 to 2 sentence response. There is so much to say!

How do you summarize the impact of hundreds of literacy mentors who support kids' educational and emotional development? How do you summarize community members beginning to know themselves and the power and knowledge they have to change their neighborhood? How do you summarize the numerous churches, place-based organizations, and other partners we have worked with around Trauma/Resilience, Digital Equity, Land Use Planning, Church Equipping, and/or Racial Justice? Sometimes all I can say is, "We have an amazing team and great partners and the work is going well."

I hope as you scan this report that you get a sense of all that has happened, that you see the work being done and the reason your support and investment in ENP is worth every single penny. I hope as you read, you'll picture Fresno transforming for good. Thank you for partnering with us to activate our schools and neighborhoods!

In Fresno as it is in Heaven,

Andrew Feil
