Looking Ahead

Our Focus for 2023

Goals for 2023

1. Expand our programs to reach more families
2. Increase partnerships with local organizations
3. Enhance our community engagement efforts
4. Expand our capacity for client services
5. Increase our fundraising efforts

Areas for 2023

Our 5 major focus areas for 2023

1. Education
2. Health
3. Housing
4. Employment
5. Community Engagement

Looking Back

Thank you to every person...

Literacy Mentoring + Read Fresno

What is Parent Coffee Hour?

Coffee Hour is a space for parents and community members to gather and build relationships with the school principal, staff and other parents. In the process of building trust, parents are learning to build healthy patterns, developing leadership, and becoming active in their neighborhoods.

We’re in this work for the long run.

Neighborhood Development is gathering input from community members who live, work or play near the Ventura/Kings Canyon Corridor, to speak into the design and future development of that area. We collaborated with Cal Walks to help beautify crosswalks and bike lanes in South Fresno.

**Neighborhood Health + Wellness**

Neighborhood Health and Wellness had an amazing year with well attended classes such as Nutrition 101, Kids Nutrition, Cultivating Mental Health, Women’s Alliance, and Dance Fitness. Not only did we see participation increase, more importantly, trusted relationships were built within each class. The participants in the classes expressed how they feel supported and empowered to make healthy choices. The results assist community members with depression, weight loss, lowering blood pressure and loneliness. Neighborhood Health and Wellness continues to strive to equip and empower individuals to live a healthy and whole life. We look forward to 2023!

The neighborhood development team has been a great help to our organization by helping us look at neighborhoods from a strength based approach rather than from a deficit lens. They have been very supportive by providing quality trainings and personalized coaching.

Organizational hub leader

ENP hired a coordinator to create Fresno’s first Community Land Use Academy (CLUA). Fresno CLUA aims to expand access and facilitate more inclusive engagement in Fresno’s land use and urban planning processes so that land development decisions benefit all Frensoans, especially those local residents who live in neighborhoods where land use decisions have caused environmental injustices. Keep an eye out as we launch this project in 2023!

In November, Germán Quiñonez, director of Neighborhood Development, was invited to speak at the White House!
2022 Highlights

- We shared our updated vision & mission! Andrew Feil, ENP’s Executive Director, shared ENP’s new and improved vision and mission statements.

- The WEI! Community Church was presented with the Patty Negrete Service Award

- We learned about “Our Small Step,” Our Small Step is an initiative focused on creating more conversation and less polarization in our community.

- We ate Amperday Ice cream!

- $66,500 was raised! Thank you to everyone who contributed to the work ENP is doing in our city. The growth taking place through our School Support and Neighborhood Development departments is a direct result of your financial support. Thank you for your generosity, the work keeps going!

A Note from the Executive Director

In those brief check-in conversations, I have with people in the hallway, I am often asked, “How is ENP? What have you all been up to?” Honestly, I haven’t gotten better at summarizing our work to a 1 to 2 sentence response. There is so much to say!

How do you summarize the impact of hundreds of literacy mentors who support kids’ educational and emotional development? How do you summarize community members beginning to know themselves and the power and knowledge they have to change their neighborhood? How do you summarize the numerous churches, place-based organizations, and our partners who have worked with around Trauma/Resilience, Digital Equity, Land Use Planning, Church Equipping, and/or Racial Justice? Sometimes all I can say is “We have an amazing team and great partners and the work is going well.”

I hope you can share this report that you get a sense of all that has happened, that you see the work being done and the reason your support and investment in ENP is worth every single penny. I hope as you read, you’ll picture Fresno transforming for good. Thank you for partnering with us to activate our schools and neighborhoods!

In Fresno as it is in Heaven,

Andrew Feil
Looking Ahead

Our 5 major focus areas for 2023

- Develop an stronger annual and events fundraising strategy
- Establish a Pastoral Advisory Council for ENP
- Find a permanent home for ENP office
- Better reach to serve a Spanish speaking audience
- Invest in program development and innovation
